Subject: the ABN Amro takeover

Hi,

After Daryl Bradford Smith had pointed his listeners to a banking cartel called "Clearstream Banking" at

I started to wonder what is the scoop behind all these total insane attempts to take over our Dutch bank ABN Amro. Then i remembered that good old Sherman H. Skolnick had done some marvellous research on ABN Amro and its connections and use for the money laundering:

DISCLOSURES and FINANCIAL CRISIS?

We were the first, earlier in this series, to mention that the Bush White House flatly refused to freeze up accounts of so-called "terrorists" such as Osama bin Laden in ABN-AMRO, the Dutch bank octopus, operating in 15 major U.S. cities, including Chicago. Why? Simply put, because the secret accounts implicated the Bush Family jointly with the so-called "terrorists".

Freezing those accounts in the billions of dollars would inevitably lead to disclosures of the huge financial tie-in between the Bush Family and the worldwide bin Laden Group business cartel and their relative Osama bin Laden. Although demonized as the head "terrorist" of the world, Osama reportedly does get huge sums, clandestinely transferred, through members of the Saudi Royal Family who are secretly, some openly, anti-American. The reputed transit point? Algemene Bank Nederland, known as ABN-AMRO. And, not everyone accepts as a fact that Osama has been cut off from heavy funding of his family members, 24 top ones having resided in the U.S. until a few days after the September 11, 2001 violence.

The Bush Family is tied financially to the Carlyle Group which, in turn, has had Daddy Bush as a heavily paid consultant to the bin Laden Group, and ultimately, to Osama, once described by Daddy and the American CIA as a "freedom fighter" when Osama carried out the Bush/CIA agenda to drive the Soviets into humiliation by stalemating them in the Afghan-Soviet War, 1979-1989. That led, in part, to the downfall of the Soviet Union, to breakaway provinces, also by way of the CIA-orchestrated attack on the Soviet Ruble currency.

The oil cartel, headed by Unocal and others, tied to the Bush Family, have instigated the whole war with Afghanistan because the Taliban/Kabul government interfered with letting the natural gas/oil pipeline through Afghanistan and then, as planned, on to Pakistan as a link to energy-hungry India, Red China, and Japan.

In its simplest form, Osama and the Taliban wanted a bigger cut than they were offered by the oil consortium. Some of the huge joint secret accounts at ABN-AMRO linking the Bush Family to bin Laden Group and Osama bin Laden are reportedly tied to the Unocal oil consortium. Key officials of Taliban, now demonized, were honored guests in Texas by Unocal when George W. Bush was Governor. Details are tucked away in a Chicago Tribune story, 10/21/2001, "University helped U.S. Reach Out to Taliban".

[For background, visit all the previous parts of this series and related items.]

My story referring to the Bush White House flatly refusing to freeze up so-called "terrorist" accounts at ABN-AMRO, touched off a furor by being replicated on other

The ABN Amro takeover

websites worldwide. Result? The more independent-minded Internal Affairs unit of the U.S. Treasury Department, finally ordered the freeze up of those accounts, leading to an analysis of who and what and where. [The same unit investigated the 25 worldwide secret accounts of the Bush Family, used for laundering billions and billions of dollars of illicit funds from dope trafficking and such. See the secret Federal Reserve wire transfer records, transfers authorized by the secret code of Alan Greenspan, attached to our website series "Greenspan Aids and Bribes Bush". Experts examining the records proclaim they are authentic.]

Years ago, the late currency expert, Franz Pik, said that sooner or later, every nation gets into a crunch and has to renounce and repudiate their paper securities. Such as their bonded debt issued by or for their Treasury. Is the U.S. next? Partly a consequence of a White House treason scandal?

U.S. tax collection income has dropped drastically, recession-style. Through their purported fiscal agent, the Federal Reserve (NOT a U.S. government entity but a private, some say conspiratorial, central bank), the U.S. Treasury may have to repudiate ALL U.S. Treasury securities---an unthinkable calamity.

Nevertheless, the Treasury is proceeding toward that wreckage. They have announced, about the time of the ABN-AMRO freeze-up, that they will no longer issue long-term U.S. Bonds, called 30-year Treasury Bonds. When the present ones come due, they will not be, as in the past, subject to optional roll-over into another long-term issue. Senior citizens, pension funds, and banks and such, that rely on the coupon interest of such bonds will be cut off.

U.S. Treasury securities are part of the capital structure of banks. Several money center banks have capital way below---some below zero---the minimum approximately three cents of the fractional reserve dollar required by federal regulators. Included in this insolvent category is Bank of America, owned principally nowadays by the Japanese mafia, the Yakuza, and the older group of owners being the French Rothschilds and the Jesuits. Also apparently insolvent is Bank One, formerly known as First National Bank of Chicago, dominated by the Rockefellers. [See the background of the Rockefeller Banks and the human body parts business and other bloody work, in our website series, "The Red Chinese Secret Police IN THE UNITED STATES".]

Another apparently insolvent bank octopus is First Union. It is little-known that it is tied to the scandal-ridden Lippo Group, ethnic Chinese and the Red Chinese Secret Police. Do you remember First Union's surrealistic television ads showing a weird blizzard of papers and people flying down Wall Street, and then one of them falls down and like a mannequin, disintegrates? [Sort of like what happened in Lower Manhattan on September 11, 2001?]

By stopping the issuance of 30-year Bonds, the Treasury has only temporarily boosted the price, on the market of such bonds, thus artificially, for the moment, pumping up such failing banks as to their capital structure.

Will they next renounce and repudiate U.S. Treasury securities, such as Bills, which are short-term, and Notes, which are mid-term, like five year maturity? By halting the issuance of U.S. Treasury long-term bonds, the U.S. government is going to have to squeeze big oney out of their former enemy, Germany, to finance the U.S. recession-created debt. The budget surplus has apparently disappeared in a puff of financial smoke.

As some historians point out, a nation that loses a war soon is swept into the junk-pile and overthrown. Do we have to be reminded that we could not conquer Viet Nam, populated by a fiercely historic people. We were the ones that lost the war and departed, some say humiliated.

The ABN Amro takeover

Outspoken activist Dick Gregory once mentioned that it cost the U.S. half a million dollars for every Viet Nameese we slaughtered. It would have been cheaper, he claimed, to pay them all to leave their country and the U.S. pave it over with green cement, to match the jungle.

Some contend a perverted, certifiably crazy, satanic-dominated element in the American aristocracy has created the terror syndrome now gripping America and falsely blamed by the press whores on Moslems. If this is some kind of latter day religious crusade, supposedly "Christians" versus Moslems, have the Establishment pundits forgotten the bloody history of such movements?

Some rightfully contend that the anthrax, courtesy of the U.S. aristocracy, is actually supplied from U.S. Military and other government storage. And others assert, with scientific supporting details, that the supposedly suicide commercial planes of the 911 tragedy, were actually computer-controlled from the ground and the supposed on-board "kamikaze" Moslems thought it was just a routine hostage flight, not a suicide mission. [As to the ground-based computers used to over-ride the airplane on-board computers, put the term GLOBAL HAWK into a web search engine.]

The White House and the U.S. government may be swept away in treachery at the highest level stemming from disclosures resulting from freezing up so-called "terrorist" accounts in banks like ABN-AMRO. Also tied in, the Red Chinese Secret Police, the Chicago markets, such as the Chicago Mercantile Exchange reportedly handling so-called "terrorist" funds and put options with prior knowledge of the 911 violence.

The foreign press relishes attacking the highly-vulnerable Bush Family administration implicated in oil-soaked and dope-linked laundering. Siding supposedly with the Northern Alliance, the White House would like to avoid mentioning that this supposed dissident group in Afghanistan are in charge of the vast dope trafficking to Europe. U.S. soldiers are going to die to safeguard major dope traffickers?

Are common Americans facing a financial crisis brought on by disclosures of treachery and the so-called U.S. Dollar no longer backed and supported, directly or indirectly, by U.S. Treasury securities? And after U.S. Treasury Bonds are scrapped, is the next to be thrown away, being the organic law, the Bill of Rights and the U.S. Constitution?

All this is a study of the American Establishment and their treason.

Stay tuned.

THE BANKRUPTCY BORDELLO, Part 1
by Sherman H. Skolnick 6/4/03

(as copied from <http://www.skolnicksreport.com/bankbord-1.html>)

Some always fault us. We are not University graduates. So, how could we know much about finances. We are not diplomatic. Our descriptions sometimes are crude and cynical. To some, we are just uncouth.

We somehow do not fill up our stories with footnotes referring to other person's magazine or newspaper articles. Hence, some consider we could not possibly know what we are talking about.

Most folks do not know or understand what is PRIMARY INVESTIGATION. It is getting as close to the "Horse's Mouth" as possible. Some are not impressed that, over the last four decades and more, we have compiled millions of records, court files, audio and video tapes, secret notebooks, and secret records of officials we are not supposed to have. That we have secret reports of grand juries as to court corruption, and how did those get into our possession? That we conducted interviews with key persons who are reliable sources but we could not dare risk their lives divulging who they are. We use methods of investigation different than taught in journalism schools.

We were once waiting in the hallway outside some courtrooms of the U.S. Bankruptcy Court, in Chicago, our hometown. Two lawyers came up to us, one tall, one short.

Tall lawyer Remember us? Like last time, come away from the doorway, so we would not stand out so.

Citizen's Committee to Clean Up the Courts Over here is okay. Talk low, we'll hear you.

Short lawyer(trying to pull his law partner away from us) We should not be talking to them.

Tall lawyer We gotta talk about this. We lost a hundred and fifty thousand dollars last year because of "TheClub".

Citizen's Committee You mean, "The Bankruptcy Club". (He nodded yes). We know. There is one in most every major Federal Court District. What, did they try to hit you up for the usual? The three thousand per month?(Again, he nodded, yes.)

Tall lawyer Yah, but my partner said we gotta go on the cheap. So we did not pay. Well, if you pay that plus the "assessments", you get the run of the place. Everything is granted. No trouble. Motions are granted. The Trustee is told to get off our back. We could make an easy quarter mil, if we just paid the monthly plus the assessments Citizen's Committee Well, maybe you saw our tv show recently. We had on a prominent member of the Bankruptcy Bar. He admitted there is a Bankruptcy

The ABN Amro takeover

Club. But he said there is nothing sinister. They just meet after Court. For coffee, maybe lunch. Hey, you waiting for the Chief Judge?

Tall lawyer Yah, he's a crook. Without The Club, you come into this place like a dumb John. To screw or be screwed.

We once interviewed a top official of the Criminal Division of the Chicago District Office of the Internal Revenue Service. We made a secret transcript and later put it into various public court records, where it was not challenged or disputed.

The IRS official confirmed they knew about Chief Judge John D. Schwartz. His fellow judges in the federal system in 1984 chose him for a 14 year term as Chief Judge. The IRS official confirmed that they knew that Schwartz had parked for him, offshore, for himself and for other judges, over a hundred forty million dollars and that he did not pay or file any Federal Income taxes for the previous 30 years. Also confirmed, was the IRS knew that Schwartz had secretly been an official of the First National Bank of Cicero, in the mafia enclave adjacent to Chicago, known as Al Capone Land.

But the IRS official warned us about the records we had, that we could be punished for having such. The Cicero bank, the IRS official confirmed, is a money laundry jointly for state and federal officials and their bribery loot jointly with known hoodlums.

In the 1990s, Hillary Rodham Clinton as First Lady, put us on her "Enemy's List", to hound and harass us in and out of the courthouse, because we got her lesbian business partner arrested for selling missile parts to known international terrorists. To terrorize us, Hillary had a top official of the Clinton Justice Department fly into Chicago to confront us in the hallway outside of a courtroom. In the presence of witnesses, he said he was going to get us arrested if we did not stop publicizing the matter of the 140 million dollars and Chief Judge John D. Schwartz.

In 1996, we sued Hillary, and him, and Hillary's "baglady", and two IRS officials, regarding the "Enemy's List" and related matters. [Sherman H. Skolnick, et al., plaintiffs vs. Hillary Rodham Clinton et al., defendants, Chicago U.S. District Court, No. 96 C 4373.] As we set forth elsewhere on our website, part of the court corruption is the arbitrary assignment of certain cases to a certain Judge to put in "the fix". The case was assigned to Chicago U.S. District Judge George M. Marovich, a banker tied to crooked dealings.

As we had already detailed in our lawsuit, filed before it was assigned to Marovich, he owns near the First National Bank of Cicero, a shopping center, Cermak Plaza. It is shown on his annual mandatory federal financial disclosure form, signed by him subject to the perjury laws if he lied. As our investigations showed, the shopping center has silent partners known gangsters jointly with corrupt top state and federal tax collectors. Through the shopping center, they launder mobster and other loot, such as for bribery, extortion, and by way of shakedown.

Judge Marovich did not remove himself from the case and did not disqualify himself. He ordered that we not ever to be allowed inside his courtroom. Our further court papers were to be sent in by mail. In the court record, we complained, to no avail, that he was running a "Mail-Box Court", depriving us of orderly proceedings. He put our case out of court on an unprecedented ruling. That we had too many facts, dates, and details in our pleadings. Yet, the federal rules require specifics which we set forth.

We took an appeal to the Chicago Federal Appeals Court, where most of the Judges

The ABN Amro takeover

hate our guts, because we lambaste their misdeeds on our tv shows. The judges refused to hear our appeal and ordered we be barred from all the federal courts in Illinois, Indiana, and Wisconsin. When we petitioned the U.S. Supreme Court for a remedy, that our Freedom of the Press rights had been cancelled, they refused to do anything about it.

[See our website series "Overthrow,etc.", homosexual underground as to Hillary and her business partner.]

As we found out over a series of years, the Bankruptcy Club in Chicago is just typical of what exists in Bankruptcy Courts in major cities of the U.S. it consists of a tight-knit group of usually about thirty Judges, Lawyers, Court Clerks, Bankruptcy Court assignees and auctioneers, Bankruptcy Trustees, and others. In Chicago, someone apparently "bugged" their monthly meetings and we had the details. They met at the home of a long-time attorney. We found out how they arrange the monthly membership fees and assessments. And the specific banks used to funnel the bribery loot offshore. One bank used has been La Salle National Bank, a reputed longtime bribery center for payments to state and federal judges.

La Salle is an "untouchable" enterprise. They arbitrarily reserve the right to themselves to refuse to honor court subpoenas requiring them to produce witnesses or records. AND, the state and federal judges refuse to enforce such subpoenas to La Salle. The parent of La Salle has become ABN-AMRO, the Dutch bank octopus originally Algemene Bank Nederland. Upon the downfall of the Moscow government, the former Soviets bosses stole most of the Soviet gold treasury and parked it for custody with ABN. ABN-AMRO has used gold to buy up shaky banks in some 15 U.S. cities. La Salle has become the flagship for the U.S. units of ABN-AMRO.[Our website has stories about the gold.]

For months we publicized that the Bush Crime Family had large joint accounts with supposed "terrorist" living in a cave, Osama bin Laden, in ABN-AMRO. BUT that the U.S. Treasury repeatedly refused to freeze those accounts until just recently, not divulging the Bush links.

Through ABN-AMRO U.S., and La Salle, the bribery money for the Chicago Bankruptcy Club is funneled, for example, to the Grand Caymans. It is kept there in "escrow". The funds go forward to the accounts of the officials to be bribed after, not before, they make corrupt rulings favoring members of the Club.

[Visit our website series on IRS corruption. Shown is the picture of "California Rose", the ocean-going ship for money laundry dealings, owned by current and former top corrupt IRS officials of the Chicago District Office.] Certain litigants in the Bankruptcy Court scheduled me as a witness to detail how the Bankruptcy Club deprives them of Equal Justice. On the day I was to testify, I was waiting in my wheelchair, in the lobby of the Federal Courthouse near the elevators.

A tipster warned me to be careful. So, I sent an associate to go upstairs to the courtroom ahead of me. He came running out of the elevator, "Sherman, you gotta get the Hell out of the building. They got six deputy U.S. Marshalls waiting outside the courtroom door to arrest you." I fled the place.

Part of my testimony was so hot very few of my associates knew what it was going to be. They did not know about it even in whispers. I was prepared to testify with specifics that Israeli intelligence, The Mossad, was part of an unholy deal. They have long taken the position, that they and the State of Israel are not enforcers of Federal Criminal laws in the United States. And, that Israeli officials, whether authorized or renegade, participating in so-called "business" deals in the U.S., are not obligated to determine the right or wrong of the situation as subject to American laws.

The ABN Amro takeover

My testimony was to have set forth specifics of the split of the bribery, shakedown, and extortion loot skimmed off from the Chicago Bankruptcy Courts, and possibly the same in other major Federal Districts. Namely, the deal was that The Mossad, or at least their agents, authorized or renegade, were to get 80 per cent of the proceeds available for them presumably to ship off to Tel Aviv. The remaining 20 per cent was for "handling fees" for "The Club".

A problem developed. There was a falling out of thieves. "The Club" kept 80 per cent FOR THEMSELVES and left only 20 per cent to presumably be shipped off through The Mossad. This problem caused murder and mayhem to be committed on U.S. soil, to be detailed in future parts of this series.

My testimony was to have included the interviews we conducted with a retired Federal law enforcement official, who confirmed to us details showing the U.S. Treasury Inspector General was actually the highest ranking mafia representative within the U.S. Government. Furthermore, we had interviewed staff members of a Congressional committee quietly investigating IRS corruption, confirming the same details as to the Inspector General.

Purely as a legal formality, not expecting any remedy from corrupt officials, we sent by registered mail, return receipt requested and received, to the U.S. Treasury Inspector General himself, details like the foregoing. We also conducted interviews with some lawyers we knew since they got out of law school and became members of the Bar. The interviews were five years after they first became attorneys.

Citizen's Committee to Clean Up the Courts So how come you do not practice in Chicago's Bankruptcy Courts?

First lawyer Are you kidding? The Club starts you off for one thousand per month plus assessments.

Citizen's Committee; How high can the assessments go and what are they for?

Second lawyer The assessments are to grease the court clerks and their supervisors. So that certain records appear and disappear as The Club orders to be done. There is no actual limit on how high the assessments can go. If we paid everything, including what the older members of The Club pay, we are sure to make per year more than 8 times the ticket price.

Citizen's Committee So why don't you guys pay for the ticket?

First lawyer I couldn't come up, in front, with the three thou per month.

Citizen's Committee Hey, I noticed you hooked up with an older attorney. I saw him recently in the Bankruptcy Court. How come?

First lawyer He's a long-time member. He pays. I am only a junior partner of his. I would have to pay for my own ticket.

[One of the lawyers narrowly escaped big trouble. He was too friendly with a top official of an insurance company. The official had embezzled more than 42 million dollars from his firm but was not prosecuted. How come? The embezzler "wired up" certain federal officials that we could finger. But the lawyer is now afraid to talk to most others.]

In future parts of this series Why nothing has been done as to murder and mayhem in the Bankruptcy Courts. How top corrupt IRS Chicago District Office officials stole 50 millions dollars for their own personal benefit and not for the public Treasury. And why are there so many Judges and Lawyers in the Bankruptcy Courts with Jewish

The ABN Amro takeover

last names and Christian first names. And does the situation of them plundering non-Jews foment terrible religious hatred.

More coming....Stay tuned.

THE ANTHRAX COMMISSARS

Invoking War Power-like authority, the Younger Bush White House ordered the suppression of certain news under the disguise of plugging up leaks of so-called "military secrets". The details.

For a number of years the State of Michigan, through Michigan State University, owned and operated the Michigan Biologic Products Institute. They had the exclusive contract with the Department of Defense to, among other things, develop and produce an anthrax vaccine.

A strange and mysterious group, in 1998, bought out the state-owned Institute, calling themselves BIOPORT CORPORATION, and the Department of Defense became its only customer.

"The takeover itself is considered suspicious by some. 'The company acquired the Michigan Biologic Products Institute for the express purpose of taking over and acquiring a lucrative military contract', said a bio-warfare expert who asked not to be named and accused company officials of 'WAR PROFITEERING'". (Emphasis added.)

"Why Anthrax Vaccine is Scarce" by Kristen Philipkoski, WIREDNEWS, on-line 10/10/2001. The story went on to state "The FDA [Food and Drug Administration] repeatedly flunked BioPort in inspections in 1999 and 2000 because of contamination and suspicious changes made to expiration dates. The agency has barred the company from releasing any of the vaccine as a result." The story went on to assert that as to the company that an audit by the Pentagon's inspector general in April 2000 that BioPort had spent several million dollars inappropriately, and paid out unsubstantiated consulting costs.

WIREDNEWS further stated, "The anthrax vaccine was the subject of controversy even before it was in such high demand. Approximately 400 soldiers faced reprimands rather than take the vaccine because of side effects that some said were severe."

The Board of Directors of BioPort included Admiral William J. Crowe, Jr., former Chairman of the Joint Chiefs of Staff and former chairman of the President's FOREIGN INTELLIGENCE ADVISORY BOARD. Crowe is a member of the conspiratorial COUNCIL ON FOREIGN RELATIONS, CFR, and chairman of the New World Order group, Senior Advisory Board for GLOBAL OPTIONS. That group included five other CFR members such as the former Director of Central Intelligence, R. James Woolsey. The administrations of Jimmy Carter, the Elder Bush, Bill Clinton, and the Younger Bush were and are absolutely riddled with CFR overlords.

The stockholders of BioPort Corporation reportedly include the following

The ABN Amro takeover

===The CARLYLE GROUP that includes former cabinet members of the Elder Bush White House and other oil monopolists, such as James A. Baker 3rd, once Secretary of State. Some contend that Baker in part handled the 40 million dollars of secret dope loot that was used to corrupt and influence DEMOCRATS in Florida to stop the ballot recount even before the U.S. Supreme Court "Gang of Five" got into the picture and installed George W. Bush as the "occupant" and "resident" of the White House. The 40 million dollars was reportedly dope trafficking funds from U.S./Colombia Medellin Dope Cartel Co-Founder Carlos Lehder. According to outspoken drug enforcement current and former officials, Lehder is the private business partner of the Bush Family. Although extradited to the U.S., prosecuted and sent to a 55-year term in U.S. prison, Lehder has disappeared from the Federal Prison System. Uncovering these details was Chandra Levy. (Visit our website story, "The Chandra Levy Affair", Part Two. Also see my various stories on the Year 2000 Presidential election.) The Carlos Lehder matter could put members of the Bush Family in long federal prison terms.

The Carlyle Group, headquartered in the nation's capital, specializes in seizing control of shaky aerospace and defense contractors and then strong-arming, some say blackmailing, contracts out of the Department of Defense. An investor in the Carlyle Group has been George Herbert Walker Bush. The Elder Bush has been a paid consultant to the Bin Laden Group, helping them with his CIA links. Bush helped create Osama bin Laden as an American CIA bought and paid for alleged "terrorist", originally dubbed a "freedom fighter" to wear out the Soviets in their prolonged war, 1979-1989, in Afghanistan. The monopoly press falsely states that Osama is on the outs with his family, yet his family reportedly funnels tens of millions of dollars to Osama through banks such as Algemene Bank Nederland, now called ABN-AMRO, in part through their American flagship, Chicago-based La Salle National Bank. [We have identified La Salle as also having secret accounts for bribing state and federal judges.] To evade having their own secrets coming out linked to Osama, the Younger Bush White House flatly refuses to freeze Osama's numerous accounts, wire-transfers, and such through ABN-AMRO.

The Carlyle Group, in turn, is owned and supervised by a worldwide reputed money laundry for World Government, the BLACKSTONE GROUP.

===Another stockholder of BioPort Corp., is the Bin Laden Group, some 24 family members of which were whisked out of the U.S., on "safety" reasons by the secret political police, the FBI, following the September 11, 2001 events. Through the National Commerce Bank of Saudi, the Bin Laden Group reportedly also funnels large sums to Osama directly and as go-betweens of Saudi moneybags who are anti-American and support Osama bin Laden.

===BioPort Corporation Board Chairman and CEO and a sizeable stockholder, directly and as nominee for Saudi and other Mid-East interests, many reportedly supportive of Osama bin Laden, is FUAD EL-HIBRI.

Under the disguise of invoking national emergency provisions, George W. Bush has ordered National Guard sentries to guard the BioPort facility in Lansing, Michigan. Bush has ordered, under pretext of "national security", that employees and officials of BioPort are forbidden to discuss with reporters, commentators, and researchers, the nature of the ownership of BioPort Corporation. This was done to preclude details of this private corporation from being publicly disclosed. This presidential edict was quietly put through just prior to the beginning of bombing by the U.S. of Afghanistan. Despite this clamp-down on disclosure, some very patriotic employees of BioPort have informed independent-minded commentators of the reputed ownership and operations details of BioPort Corporation.

As part of an apparent blackmail effort against the Younger Bush White House, the Washington Post began inquiring into some of the ownership and other details

The ABN Amro takeover

mentioned herein about BioPort. Targeted to shut up by George W. Bush, has been, in particular, Post official Bob Woodward. Having no background in journalism, his stories about Watergate and such were handed to him on a silver platter by the espionage community to depose Nixon, for treason, without resorting to political assassination. Woodward's espionage background is mentioned in the book "Silent Coup"---see my website story, "The Late Grand Dragon of the Washington Post".

To unsuccessfully try to block the mass media from heckling him about Watergate, Nixon threatened to prosecute some of the major news outlets for Anti-Trust violations. Similarly, the Younger Bush White House, to deter the press whores from asking real questions about anthrax vaccine and BioPort, is also raising behind the scenes threats to prosecute the six major communications empires for monopoly violations.

Being basically blackmailers, the monopoly press is really not ready to scandalize the Bush Family on matters mentioned here and in related stories. The British press, however, has expressed an interest into inquiring into BioPort. After all, the Brits relish the idea of wrecking the war-mongering, often criminal American presidency as a way to destroy the American Republic. Since the War of 1812, the Brits have vowed to somehow take back this Continent as puppet colonies and to have so-called "Americans" as mere docile subjects of the British Crown.

[One of the private details the Younger Bush White House is prepared to use to shut up Bob Woodward on the BioPort and the Anthrax Commissars matter is a subject most usually not to be made into a scandal subject. To some it is either a forbidden topic or laughable. Woodward's first wife, once a secretary to a long-time White House press correspondent, was reportedly divorced from Woodward because Woodward had a vicious private disposition. Snickering commentators from grocery tabloid magazines might call such a husband a "wife-beater". Whether or not Bob Woodward is privately brutal, he is most certainly a fraudulent "reporter" easy for George W. Bush to pull on Bob Woodward's chain.]

===Rev. Jesse Jackson, Sr., reportedly participates in BioPort's affairs. [Cynics wonder about the firm's convenient address, 3500 N. Martin Luther King, Jr., Blvd., Lansing, Michigan 48906; Phone [(517) 327-1500, FAX (517) 327-1501.] In any case, accidental or not, convenient. An accomplished reputed blackmailer and shake-down artist, the Reverend strong-armed his way apparently into the strange anthrax deal. Since private citizens are forbidden by federal statute from negotiating U.S. FOREIGN POLICY, someone in the White House perhaps reminded Jesse to stay out of the Afghanistan matter where he tried to stick in his nose. Getting a piece of the action is part of Jesse's expertise. [Visit our website story, "The Jesse Jackson Affair.]]

Poking into the Anthrax Commissars, such as Carlyle Group, the Blackstone Group, the Bush Family, Admiral Crowe and others, might open up many prior tragedies. Before the forming of BioPort, a supposed anthrax vaccine or substance was forced upon the U.S. Military (not the brass) in the Persian Gulf War. Some claim that such a purported "vaccine" did not have FDA approval when given and is, at least in part, responsible for the Gulf War Syndrome. In a full-scale battlefield war, the Military expects twenty per cent casualties. Some 15 thousand GI's died prematurely after the Gulf War ended, and some 85 thousand more are very sick, some terminally so, together with their wives, their children, even their dogs and cats. Of the 500 thousand that served in that war, that means the U.S. has been afflicted with 100 thousand casualties, which the Defense Department covers up or denies, just as if the Gulf War had been a set-piece, typical war of yesteryear.

At the time of this story, we common Americans are beset with statements by the Washington dictators that an anthrax "terror" attack is coming. Are the matters as simple as using uncontrollable fear to just promoting the business of the Anthrax Commissars, including the Bush Family?

MARC RICH and the ANTI-GOLD MOB
3/07/01 by Sherman H. Skolnick

(as copied from <http://www.skolnicksreport.com/mragmob.html>)

Several goldmines, suffering from disastrously low gold prices, are considering accusing the Federal Reserve and others, including known international criminals such as Marc Rich, of a diabolical scheme to prop up six huge failing hedge funds by way of attempting to head off a worldwide financial meltdown.

Described by some as high-cost producers, the mines are reportedly considering publicizing their plight, to rescue themselves from the artificial situation created by what they contend is the pricing of gold below the cost of production of even the world's most efficient mines. If public awareness does not defeat the anti-gold plot, the mines only recourse is to have British interests take over at lead mine prices, just short of bankruptcy.

Among those reportedly complaining are Homestake Mines, South Dakota and California, as well as several deep-in-the-earth South African mines. Some Third World mines are accusing the Anti-Gold cabal of racist policies, designed to impoverish countries populated by people of color. Some in the Johannesburg government are expected to spearhead the finger-pointing.

The plot to force down the price of the yellow metal, the mines say, revolves around a little-known term called the "gold carry" trade. A low price of gold enables some Wall Street marauders to make huge profits by being able to use such prices as a vehicle to get loans for as little as one per cent. The mines contend that some in their own industry, to the detriment of their own stockholders, are going along with the anti-gold tricks. Among those accused is American Barrick, principal players of which include George Herbert Walker Bush and sons George W., Neil, and Jeb. Some have accused Barrick of being a proprietary operation of the American CIA and the National Security Agency, using untraceable gold as funding for the overthrow of governments and the assassination of leaders, U.S. and overseas. Alleged "President" George W. Bush, heckled by critics as an "imposter" and usurper, shortly after grabbing power, has cancelled the Carter Administration's Presidential edict banning the U.S. from engaging in political assassinations to carry out some national or international policy. Implicit in the political murder go-ahead is funding of the same with secret gold.

The Federal Reserve, together with Wall Street investment thugs Goldman Sachs & Co. and J.P. Morgan, joined by the "metal men" of international pirate Marc Rich and his rogues, are reportedly accused of being part of the Anti-Gold Cartel devoted to attempting to bail out six monstrous hedge funds, the eminent collapse of which threatens the viability of the New York Stock Exchange as well as the possible existence of NASDAQ. In plain terms, the stricken mines are accusing the Fed and their cut-throats of propping up hedge funds whose would-be wizards completely guessed wrong in their gambling on complex markets known generally as derivatives.

Without the gold hocus-pocus, the failure of the hedge funds may cause the eventual closing for a time of Big Board [Or is it Big Bird?] trading as well as other

The ABN Amro takeover

markets, according to mining sources. They contend that exchange clearing houses may also as a result fail. To head off the expected financial debacle, escalating the recession into a headlong wreckage, they contend, the Federal Reserve has joined even with known criminals in Switzerland and the Russian mafiya.

With the downfall of the Soviet government, aided by his complicity in the attack on the Russian currency, the Ruble, about 1990, Marc Rich arranged with former top officials of the Soviet Secret Police to steal a large portion of the Soviet gold treasury. At the time, the Soviets were one of the world's largest gold producers. New purported users of the precious metal horde as a bartering device have been the Dutch banking octopus, Algemene Bank Nederland, now called ABN-AMRO. Quantities of the purloined gold have been parked at or near a Swiss airport for rapid transit to any point on the planet, as needed. The U.S. flagship of ABN, La Salle National Bank of Chicago, used the plundered gold as collateral to quietly buy up shaky banks in 15 major U.S. cities. One of only two U.S. banks refusing to disclose their true ownership to a Congressional Committee, La Salle has long been the place for corrupt public officials, primarily judges, to have numbered and secret accounts to whisk their bribery assets offshore.

Head of the paper money rapists and the center of anti-gold banditry has been the Bank of England. Historically experienced criminals, the bank covered up the role of the huge British/French/U.S./Israeli espionage and political murder money laundry, Bank of Credit and Commerce International, BCCI. As we have earlier pointed out, the Bank of England, at the time of the purported collapse of BCCI in 1991, for 30 days mysteriously had, as an open record, the BCCI bribery list, proving BCCI had bought or blackmailed one-fourth of all the members of the U.S. House of Representatives and U.S. Senate. Only a populist newspaper, SPOTLIGHT, headquartered in the District of Columbia, ran my exclusive story of the bribery and blackmail of Congress. Although as part of my story I supplied the list of names, the weekly outspoken newspaper ran my story verbatim minus the list, as a precaution. Contrary to mass media slanted reporting, BCCI did NOT disappear but re-emerged as a joint operation with the First National Bank of Cicero, located in the mafia enclave adjoining Chicago; the bank having been under the domination of Bishop Paul Marcinkus, long head of the CIA/Mafia-linked Vatican Bank. [Visit our website for related stories, such as the Giannini Family and the bank in Cicero.]

To connive with major gold bullion looters like Goldman Sachs, the Bank of England set about to force down the price of gold by periodic supposed auctions of the bank's gold. Actually, most of the time the British bank underworld offered gold it did NOT physically have or want to sell. Called by some the BUNK of England, they were secretly offering at "auction", portions of the stolen Soviet gold treasury, leased or "loaned" by Dutch receivers of stolen goods, to the British fakers for appearing to flood the market with gold. Interesting sidenote currency speculators know it is a "death warrant" to mess over the Dutch currency, the Guilder.

Operating an NSA/CIA clandestine gold bullion bank in the Caribbean for many years was Hillary Rodham Clinton's confederate Vincent W. Foster, Jr. Foster became knowledgeable about how George Herbert Walker Bush and Bill Clinton wanted to stop FBI Director William Sessions from seizing Marc Rich in 1993 near the Swiss-French border, to return the international swindler for U.S. criminal prosecution. [See our prior website story about Marc Rich fingered by a letter.] As a consequence, Marc Rich came up with 5 million dollars, siphoned off of the gold poaching, to pay for a private murder team to snuff out Foster shortly after the failed attempt by the Foster team to grab Marc Rich. The wipe-out was falsely promoted as a "suicide" by intelligence agency "assets" in the monopoly press. [Background details on the murder of Foster, see our website story "Greenspan Aids and Bribes Bush", Part Four.]

Much later, hundreds of pages, many heavily redacted, under a Freedom of Information demand, were released about Foster by the National Security Agency,

The ABN Amro takeover

relating, for example, to his espionage work against banks worldwide.

As covered up by highly corrupt top officials of the American Gestapo, the FBI and the IRS, Marc Rich and his pillagers have joined in crime with fellow currency and commodity hijackers on the Chicago Mercantile Exchange. In March, 2001, alleged "President" Bush came to Chicago to give a speech to the Merc. Some considered his presence as delivering them a message. That as the fountain of criminal money that they are, he expects them to help finance and carry out some of the schemes of his family. The FBI and the IRS top officials are well aware of the widespread federal regulation violations by many members of the Merc as well as the Chicago Board of Trade. Brokers are reportedly not keeping clients' funds in segregated accounts, as required by law. In case of a financial debacle, the brokers AND THEIR CLIENTS will be in the same sinking boat.

Run by the Jewish aristocracy, not the common people of that ethnic-religious group, the Chicago Mercantile Exchange is an exclusive place for high-stakes gambling. They switched their allegiance from Bill Clinton to George W. Bush. Like Bush, Clinton when president likewise came to the Merc to give them a message to kick in funds for his schemes. On the same day George W. was in Chicago, he also visited the Chicago Board of Trade which was not interested in his messages. The Board of Trade is run by the Irish Catholic aristocracy, not the common people, and they understand the Bush Family are agents of the British Monarchy, that perpetrated the Irish Holocaust of the middle 19th Century, falsely described by the pro-British American media as merely a "Potato Famine". Members of the Board of Trade, always tight with the Vatican and the Rothschilds, blocked Bush's attempts at a shake-down.

Clinton came to the Merc to get big money and his marching orders. Like him, Clinton crony George W. Bush does the same. Nevertheless, honchos of both the Merc and the Board of Trade do understand they cannot openly oppose the orchestrated events of the Federal Reserve and the paper money crowd. After all, the Fed has demanded co-operation from a series of criminal residents as "President" in the White House. Both exchanges know the widespread failure to keep clients' accounts segregated could set off a wave of federal criminal prosecutions by the Injustice Department, perhaps even closing both exchanges.

Some of the supposedly "segregated accounts" have been unlawfully commingled with clandestine funds of the Russian mafiya with the connivance of Marc Rich and his mob; and interwoven with the funds of the Red Chinese Secret Police, with the reported complicity of not only Marc Rich but his accomplice, Rahm Emanuel, former Clinton White House Senior Advisor, and more currently, Managing Director of Wasserstein Perella & Co., reputed Asian money laundry front. Rahm is the reputed Deputy Chief of Israeli Intelligence, The Mossad, for North America.

Currency and commodity brokers handling the dirty anti-Gold transactions are warned if there is about to be public exposure of dealings not done with what is known in the industry as "due diligence", that is, knowing actually who the broker is dealing with. Apparently "for a piece of the action", corrupt top FBI and IRS officials, Chicago and New York, quietly alert favored brokers to "problems" that might subject the brokers to federal criminal prosecution. Why do the mass media honchos mostly remain silent? Because some reporters of Establishment magazines, radio and television programs, are busy during the day, on the phone to their brokers, London, Singapore, Frankfurt, trading on inside information for themselves and their relatives. The Chicago Board of Trade resisted the Bush White House shake-down. The Chicago Mercantile Exchange caved in to the extortion.

Some gold mines are getting clipped. Their goods, and instruments for or against their goods, are secretly transacted on the Chicago markets. Maybe THEY should buy the White House. Cynics cackle, a man named Rich is helping make gold mines Poor. All to benefit the paper money pimps and to rescue hedge fund swindlers.

"THE OVERTHROW OF THE AMERICAN REPUBLIC",
Part 28

by Sherman H. Skolnick 3/21/03

(as copied from <http://www.skolnicksreport.com/ootar28.html>)

The Bush/Blair Bribery Affair

What turned out to be a messy situation, all started, at least in part, to unravel on January 16, 2003. Two events were on that day, one later widely reported, the other seldom mentioned. The space shuttle "Columbia" took off on that day, later crashing, February 1, 2003. It is dealt with elsewhere in this series. On the same day in January, what some prefer to call jointly the American CIA/Bush Crime Family, conducted a "black bag" job. They did a break-in and entry into the residence of Alan Greenspan, Commissar of the Federal Reserve, America's highly secretive PRIVATE central bank.

What all were they looking for? Among other things, they sought to retrieve, and keep from ever surfacing, a series of Federal Reserve wire transfer records, showing certain transactions done under the secret authorization code of Greenspan.

The dealings were several months previous. They show that George Herbert Walker Bush used the Carlyle Group to forward some sixteen Billion Dollars to British Prime Minister Tony Blair. Daddy Bush has been a senior paid consultant with Carlyle to, among others, the Bin Laden Group, the Saudi Family dominating several industries in Saudi and the Middle East, including construction. They are NOT actually on the outs with family member Osama, who they finance, also with members of the Saudi Royal Family, through a major bank in Saudi, and banks and financial entities worldwide, including the Dutch money laundry, Algemene Bank Nederland, now ABN-AMRO.

Here is the circuitous route the funds took

[1] The existence of the transactions, by themselves, sufficiently prove the prior planning jointly of White House occupant and resident George W. Bush financially bending Tony Blair. The upshot of it all, was to have Blair join with Dubya (said quickly Texas style) to seize eventually the Iraqi oilfields, for two purposes.

First, to use the oil treasure as collateral to underwrite the huge U.S. deficit, soon to be out-of-control. Thus laying the way for Dubya to push a huge tax cut for the one or two percent of Americans, the wealthiest in the U.S.

Second, to seek to prop up the Bank of England caught up on the wrong side of speculations in the Kuwaiti Dinar, a currency pegged to the so-called "U.S. Dollar", actually hot-air Federal Reserve Notes. And further, to seek to bail out the Chicago Mercantile Exchange, the Chicago Board Options Exchange, and LIFFE, the International Financial Futures and Options Exchange in London.

The ABN Amro takeover

To understand the route of the bribe to Blair and the route, some background is necessary. [2] Starting in the late 1980s and up to 1991, the highly mysterious espionage money laundry, BCCI, Bank of Credit and Commerce International, was later implicated in a scheme to bribe more than 25 per cent of both houses of Congress. More than 28 U.S. Senators and more than 108 Congressmen.

The purpose of the scheme was to corruptly influence, by bribes or phantom transactions used as blackmail, to members of Congress who were chosen to help promote the interests of BCCI in opening numerous branches in the U.S. The lawmakers were invited to give speeches in Chicago, seldom reported in the press. While in the Windy City, they were paid their "honorarium" (lecture fees) and told they were getting as a bonus, an account with the exchanges there, the Chicago Mercantile Exchange, the Chicago Board of Trade, and the Chicago Board Options Exchange. Later, some congressmen were told their Chicago accounts had a loss, but through straddles (a technical device using losses on one side of the fence, and gains on the other), they had a huge gain in London. Some Congressmen directly or through trusted aides picked up the "bonus" in London while secretly videotaped. Other Congressmen did not do so, but through phantom records, were shown, nevertheless to have "picked up" the pay-offs, in other words, blackmail. LIFFE was instrumental in all this. Why? Because they operate electronically only, and retain no paper records. Hence, the difficulty for regulatory authorities and tax collectors to sniff out. Upon the apparent downfall of BCCI in 1991 (they continue under the name of a alter ego and successor), the Bank of England, supervising the smash up, for thirty days ONLY had the bribery list of Congress as a public record. As we told in a prior website story, a major news group refused to make public the story, and so it ended up with us. My exclusive details appeared in October, 1991, in the populist publication Spotlight, years later made defunct through a dirty court trick.

[3] Instrumental in the Bush/Blair Affair was Carlyle Group, having on its Board of Directors a previous Prime Minister of the United Kingdom. The funds for Blair went through the Chicago markets which have been heavily on the wrong side of Kuwaiti Dinar gambling, called derivatives, a sort of book-keeping hocus-pocus. They, together with the Bank of England, are leaning over the edge of the cliff in TRILLIONS of Dollars, enough to panic currency markets if completely divulged. Why was the Kuwaiti Dinar selected as part of the route to Blair? Because the currency, pegged to the Dollar, is considered more independent. In technical data, that means it has almost no limit features up or down, the "sky is the limit" betting.

The 16 Billion Dollars, in Kuwaiti Dinars, was to benefit Tony Blair through, among other places, accounts for him, in financial entities in the United Arab Emirates, a favorite money laundry site.

[4] What happened with the incriminating records in Greenspan's residence on January 16, 2003? Well, the "black bag" team did not get them. Why? His wife, Andrea Mitchell, senior Washington correspondent for NBC, had previous to that date moved the records to another location. The records are now in the possession of certain more independent-minded U.S. free lance journalists. A preliminary story about this, with just a few details, appeared exclusively in Canada, on a popular website linked to a Toronto radio program, Mojo Radio, "The Cloak and Dagger" Program, described as a "Talk Show for Spies". A few hours after they posted the preliminary details, their website was smashed by the "shadow government".

www.cloakanddagger.ca (ca stands for a website in Canada). In a conference call, a leading website technician stated to us he had a terrible time getting their website back operating, and that he does not know of another event as troubling as the wreckage of the Cloak and Dagger website, where show host Lenny Bloom posts items on their news forum together with advance listings of upcoming guests. I participated in putting the preliminary story together for Cloak and Dagger.

The ABN Amro takeover

[5] The Russians with the help of Commissar Putin, formerly of the Soviet Secret Police, the KGB, have details of a phone conversation recently between Bush and Blair, about the preliminary story. Blair told Bush, "You have to take down those websites who have the documents". Bush responded, "We have a constitution", a statement that Bush could make without really believing the same. "Nevermind all that, take down those websites! If they post the first of the fourteen wire transfer records, you may not find me still on Downing Street anymore."

The inside joke is that an Israeli firm, reportedly fronting for Israeli intelligence and somehow beholden to Moscow, got the U.S. contract to rewire the communications system of the White House, the FBI, and the American CIA. The firm apparently, through satellites, is able to clandestinely send, in real-time, the content of supposedly secure, secret communications of U.S. top officials.

[6] And what is the possible fall-out from the full disclosure of the Bush to Blair bribery? The possible wreckage of the Chicago markets together with LIFFE, for openers. And a successful attack on the British Pound Sterling because of disclosures that the Bank of England, having gambled away their assets on Kuwaiti Dinar Derivatives, along with those exchanges, is insolvent and cannot any longer support the Pound in world currency markets.

Further, Blair would be open to criminal bribery prosecution together with charges against Daddy Bush and Dubya, of treason, international bribery, racketeering, and sundry other federal criminal offenses.

Please note that starting three years ago, on our website, www.skolnicksreport.com, we posted a series "Greenspan Aids and Bribes Bush". Shown there are the 25 worldwide secret money laundry accounts of the Bush Crime Family, the proceeds of hundreds of billions of extortion loot, joint business deals with Saddam Hussein in the 1980s. Also, shown is the Bush Crime Family JOINT ACCOUNT with the Queen of England, at her PRIVATE bank, Coutts Bank London. In December 19, 2001, the London Financial Times reported that the Queen of England sent her top bank executive, Andrew Fisher, to be a top official of Carlyle Group. Bush/British Monarch account shows a transaction of ONE HUNDRED BILLION DOLLARS. The secret Federal Reserve wire transfer records, showing the secret authorization code of Alan Greenspan, are part of our website series.

So, will the latest secret Federal Reserve wire transfer records be posted? Wait and see.

[7] Furthermore, the Bush/Blair documents show that Tony Blair privately greatly profitted from arranging shipments to North Korea to enhance their nuclear capability. In that regard, he privately benefitted, as we mentioned in a previous part of this series, like Hillary Rodham Clinton, likewise implicated in privately profitting from shipments of nuclear items to North Korea. As to both Blair and Hillary, the shipments were reportedly made through Royal Jordanian Airlines. [As to Hillary and North Korea, we showed that document about a year ago on our Chicago public access Cable TV Program, "BroadSides"].

So, will the latest documents be posted? More coming. Stay tuned.

MARC RICH IS CIA RICH
1/26/01 by Sherman H. Skolnick

(as copied from <http://www.skolnicksreport.com/mrich.html>)

Some feel old files can be a drag. Whether in original paper form or non-paper form, they take up space. And only old-timers might know how the different files interface with one another.

Besides, a super-duper swindler from yesteryear might have disappeared or never re-appear in the public eye. Specializing in keeping track of big-time crooks, including Judges and top IRS officials, we, as a group, have a repository of some one million documents, files, rare books, films, audio and video tapes, and more. We relish the thought of a big thief somehow showing up again. It makes keeping old files worth the effort.

The problem? The data thus put together might be falsely described as "tall stories". Especially by those who grew up sucking on mass media milk. In other words, in plain talk, college educated know-nothings. Like those who e-mail us questions on what they call "marshall law". Hey, have dictionaries become obsolete?

Starting back in 1954 was a brilliant, high-strung, humor-less speculator. His real name was Marc Reich, but to disguise his foreign-descent past, he called himself Marc Rich. He knew how to trade a cyclone in usual and unusual metals, grains, and other items from the earth's crust. And how to make money and shipments disappear through the dark and tax-neutral and tax-haven hole, such as the Netherland Antilles. Oil embargoes such as against Iran in 1979-80, because of the U.S. hostage mess, did NOT effect HIM.

To preserve his secrets he apparently never fired any of his underlings. Supposedly they were paid even when they did not function well anymore. So the American CIA needed to pay for a domestic or foreign political assassination? No problem. Marc Rich arranged it through smuggled or stolen gold bullion. [A similar CIA gold trader living in a Chicago suburb, was assassinated on the day we fingered him in 1995 on our popular public access Cable TV Program. Mellow with age, John Tarullo, friend and tool of Archbishops, and top FBI and CIA officials, talked too much. As a teen-ager, he was a pilot for Benito Mussolini, the Italian strongman.]

Omitting Marc Rich's espionage role, but otherwise useful for background is the book, "Metal Men- Marc Rich and the 10-Billion-Dollar Scam" by A. Craig Copetas, G.P. Putnam's Sons, N.Y., N.Y., 1985. To write the book, the author became a metal and commodity trader and infiltrated Rich's circle.

Hillary Rodham Clinton and her globe-traveling law partner and reputed lover, Vincent W. Foster, Jr., were implicated in domestic and overseas money laundering. Secretly a top espionage operative long before his short tenure in the Clinton White House, Foster traveled with tell-tale government-rate airfare. He, and Hillary and their crony Webster Hubbell, former Little Rock Mayor and once Acting

The ABN Amro takeover

Arkansas Supreme Court Chief Justice, were strategists for a reputed worldwide spying-on-banks, as against both friend and foe, for Systematics, in the bank computer software services field. Bank computer espionage "trap-doors" were their specialty. We were about the first to finger Systematics, headquartered in Arkansas, and some of their front stooges tried, with no success, to scare us into silence. The National Security Agency, NSA, file on Foster and Systematics linked Hillary, Foster, and others, in many hundreds of pages of documents, but as available to the public, mostly redacted, blanked out to outsiders.

Marc Rich the commodity bandit and "spook" was so interwoven with the White House of George Bush The Elder and later, Bill Clinton, you could not hardly tell whether the White House dirty tricks department was in Washington or Zug, Switzerland, one of Rich's outposts. To escape being prosecuted, Rich did not return from Zug to face the big-time Federal Criminal music in the 1980s. At the time the U.S. Attorney for the Southern District of New York, Rudolph W. Giuliani (later N.Y. city Mayor), wanted to put Rich in jail. A Bush Family confidant, Giuliani nevertheless found out too late that Marc Rich was the American CIA's laundry man and was immune. When Rudy started to run for U.S. Senator from New York against carpetbagger Hillary Clinton, in the year 2000 Election, she was afraid he would mouth off about her and Foster and Marc Rich. So, Hillary's press agents reportedly launched a pre-emptive strike planting details publicly of Giuliani's marital troubles. And so, Rudy side-stepped the whole mess and the Election, by divulging what he must have already known, that he was ill with cancer.

The book author described him, "Marc Rich, the man whom the United States Justice Department privately called the most corrupt corporate executive in America". ["Metal Men", page 13.] After he took refuge in his Switzerland offices, the oil-soaked monopoly press, protective of high-level swindlers, agreed to be mostly silent. By 1990, Rich was a key player in the huge, mostly unpublicized Russian ruble affair, an attack by the American CIA and worldwide banks fronting for them, against the Soviet currency which led to the downfall of the Moscow government. The result was the dissolution of the Soviet Union into fighting-with-each-other provinces, each a fiefdom for mineral exploitation and speculation, Marc Rich's specialty.

Another George Bush The Elder/American CIA darling was a fellow originally from Wisconsin, Leo Emil Wanta. He played a key role in the attack on the Russian ruble to topple the Moscow gang. A CIA-friendly author, the late Claire Sterling wrote a book, a form of mixed and mixed up report on Wanta. "Thieves' World- The Threat of the New Global Network of Organized Crime", Simon & Shuster, N.Y., N.Y., 1994. As she described it, "The fact that scarecely anyone outside Russia has heard of the Great Ruble Scam may be explained partly by its seemingly unbelievable details, but partly, too, by Western reluctance to touch exquisitely sensitive political nerves." (Page 177.)

To protect the CIA, Sterling has a picture of Wanta in the book under which she has the unfair and not balanced description "Leo Wanta, the American snake-oil salesman who stormed world money markets to crash the ruble in 1990-91." She conveniently omits that Wanta's cut of the action has been frozen in Russian banks, some of which were taken over by the Russian underworld, the mafiya, and the funds disappeared when some of the banks collapsed. On the other hand, trillions of rubles were successfully siphoned out of Russia by George Bush the Elder for his personal benefit, some through dope trafficking and weapons smuggling by the Bush Family as secretly authorized by Federal Reserve Commissar Alan Greenspan. [Visit our website series, "Greenspan Aids and Bribes Bush" with attached Federal Reserve secret wire transfers, authorized by Greenspan, to 25 worldwide secret Bush Family accounts to launder such illicit proceeds. One such account, as shown, is jointly with the Queen of England, at the bank she owns, Coutts Bank London.]

An American foreign correspondent based in Italy, Claire Sterling wrote

The ABN Amro takeover

occasionally for the CIA trumpet, the Washington Post. [The suppressed original edition of a book goes into that newspaper's CIA links. Named for Katherine Graham, the long-time straw-boss for the newspaper, "Katherine The Great" by Deborah Davis.]

Not cheated out of his "commission", Marc Rich stayed shut about himself and the American CIA, such as with the George Bush family, including the Elder Bush's sons, Neil, Jeb, and George W. But cheated out of HIS "commission", Leo Wanta talked openly. So, in 1993, when Wanta went to Switzerland, to await the expected arrival of Clinton White House Deputy Counsel Vincent W. Foster, Jr., Wanta fell into a trap. At the behest of Marc Rich, Hillary Clinton, Vince Foster, and Wanta were working on a money laundering deal involving the reputed CIA front under the innocent-sounding name "Children's Defense Fund". Participating behind the scenes was Tommy Thompson, then Wisconsin Governor, and Donna Shalala, once Chancellor of the University of Wisconsin at Madison, and later, head of the Department of Health and Human Services, HHS. [In the alleged "President" George W. Bush administration, Thompson became the HHS successor to her.]

To shut him up, Wanta was grabbed by so-called "authorities" in Switzerland and clapped into a dungeon, he says. Foster never arrived. A short time later, a private "hit" team murdered Foster in or near the Clinton White House and dumped his body next to American Civil War cannons in the memorial Fort Marcy Park, Virginia. The true happening of his demise is recorded on satellite images compiled by the U.S. National Reconnaissance Office, NRO, super-secret satellite bosses. The head of the NRO imaging project, Daniel Potter, was later murdered.

The Foster "hit" team was paid five million dollars of laundered funds reportedly through Marc Rich/George Bush the Elder. [Some background details of the Foster murder are in our website series on "Greenspan Aids and Bribes Bush" Part Four.]

Wanta was brought back to the U.S. on alleged charges of mis-stating 14 thousand dollars in supposed taxes. Who wanted him silenced and jailed? CIA darling Wisconsin Governor Tommy Thompson and his dirty bird crony George Herbert Walker Bush, once head of America's secret political police. Notice the different standards of so-called Justice. Wanta, complaining loudly about the freezing of his "commission" on the Russian ruble scam, has been put in jail, and he says, mis-treated. He says he keeps reporting to his jailers, to no avail, his medical ailments which require attention.

On the other hand, CIA darling/reputed assassination facilitator, Marc Rich, running from Switzerland a worldwide massive CIA proprietary money laundry, is pardoned in the final hours of the stinky Clinton administration. For Bill's benefit, Marc Rich conveyed for use by Hillary and eventually Bill, somewhere between 30 and 100 million dollars. Our sources say it is closer to 30 million dollars. Gold experts and such on their website on 1/24/01 say quoting a knowledgeable source, "The White House provided no reasons for Rich's pardon and I understand that the commodity crowd in New York speculates that Clinton ended up with a minimum of \$100 million in his pocket somehow, somewhere as a payoff from Rich for the pardon. No one could corner or manipulate a market better than Mark Rich. I wonder if he has been part of the Gold cartel all this time?" <http://www.LeMetropoleCafe.com> Website of the Gold Anti-Trust Committee which contends the Federal Reserve and others are in a worldwide cabal that forced down the price of gold below the cost of production in order to save the paper-money gang.

The Marc Rich reputed bribe to the Clintons is parked, escrowed as it is called, at a Caribbean dope-haven money-drop, the former Dutch-possession St. Maartens Island. Owned by current, recently current, and former top IRS officials is an ocean-going money-laundry boat, disguised as a floating gambling casino, that comes and goes from St. Maartens and then crosses the Atlantic to Spain and Portugal. [See a

The ABN Amro takeover

picture of the boat and details in our website series, "IRS Officials Face Exposure".]

Leo Wanta is one of a very few real experts on the Russian mafiya. The Russian underworld bloomed following the downfall of the Moscow government. Former cut-throats of the Soviet secret police, the KGB, were out of work, so they formed a help-themselves situation, becoming or already had been, experts in superior quality counterfeit U.S. and other currency, stolen U.S. credit cards, supplying young men and women for prostitution in the U.S. In large cities like Chicago, if you become knowledgeable about all this influx of Russian mafiya to America, and seek to report it to the local office of FBI, guess who gets "investigated"? YOU, not the mafiya. The FBI know the Russians have superior methods and the FBI does not wish to tangle with them. With complete immunity, as we have described in earlier website stories, Cong. Henry Hyde (R., Ill.) reportedly runs a strip joint in an unincorporated area near Chicago. Used are Russian naked women as dancers, brought to America under false pretenses that they are going to work in "offices". All this, in apparent open violation of laws regarding the U.S. Immigration and Naturalization Service, INS. Also, Hyde reportedly keeps no records as required by the State Revenue and the IRS. And, ha! ha! Hyde has become head of the Foreign Relations Committee. [To paraphrase the Old Testament, Tabernacles of Gangsters Prosper, and Those That Curse Heaven Are Secure. A sad and cynical thought that troubles reformers.]

As savvy court observers long have noticed, dirty, corrupt politics are what counts not the law and the facts. Wanta, to fight being framed, had a lawyer working for him that reportedly understood the CIA tricks against those who the spy agency wants to throw away. On the other hand, notice what was said about the Marc Rich pardon by Clinton "Rich's attorneys had ties to the former president Jack Quinn, co-founder of Quinn Gillespie & Associates, was a Clinton White House counsel and a chief of staff to Vice President Gore, and Arnold & Porter has represented the Clinton legal defense fund since it was created in 1998." "Pardon Bypassed Procedures", Washington Post, 1/24/01, page A01.

Wanta has positives, some possible negatives in the viewpoints of some. Although a Wisconsin resident, he has credentials, which appear to be genuine, naming him as an Ambassador to Switzerland from the East Africa nation of Somalia. Such diplomatic authority should have spared him his troubles with Tommy Thompson, etc. Sarcastic folks, however, surmise the credentials could have been covertly arranged by his one-time mentor Bush the Elder through the CIA, to assist in laundering sums through the reputed CIA front, the Children's Defense Fund. Cynics chuckle that Wanta may simply have just bribed someone in Somalia, or elsewhere to be named an ambassador from that nation with their purported rule by a robber baron, military junta. (Really that different from the U.S.?) Against his wish, have Wanta's former cronies kept him in jail, like a number of other CIA covert operatives, as a cheap way to protect him from his enemies, at government expense? Enemies such as George Bush the Elder and his sons.

As part of a cover-up, various high-level persons have an interest to have some CIA operatives no longer useful (most likely including Wanta) discredited and even falsely jailed. In the Russian ruble caper, 1990-91, Federal Reserve Commissar Alan Greenspan and then president Bush the Elder reportedly arranged to siphon off funds of the former Soviet banking system for their personal benefit and that of their cronies. This required getting in bed with the Russian mafiya. Thousands of tons of the Soviet gold treasury disappeared and ended up with top-level Dutch criminals operating as the Algemene Bank Nederland, now called ABN-Amro. Thus enriched has been ABN's American flagship, La Salle National Bank of Chicago which used the purloined gold to set up branches in 15 American cities, gobbling up other banks in the process, secretly paying for them with stolen Soviet gold.

Questions, of which in our various website series we have made partial answers

The ABN Amro takeover

Q- How many foreign and domestic political assassinations has Marc Rich reportedly arranged and financed, disguised as metals and grain deals? See some of the details previously posted about Rahm Emanuel, the Chicago Mercantile Exchange, and the Chicago Board of Trade dirty business. Are these events occurring through the aid of Rahm Emanuel, managing director of Wasserstein Perella & Co.? We think so. And Rahm is reportedly linked to Marc Rich and the Red Chinese Secret Police operating IN THE UNITED STATES.

Q-Does Marc Rich's ex-wife, who reportedly directly contacted Clinton asking for a pardon, and Marc's/her hotshot lawyers have any knowledge of his high-level crimes on behalf of the bloody American CIA? We think so.

Q-Did Bill/Hillary Clinton use Marc Rich to come up with the loot to pay for the private "hit", as mentioned, on their crony Vincent W. Foster, Jr., because Foster was engaging in treason and was implicating them? Some background "Greenspan Aids and Bribes Bush" part four, our website series.

Q- Is it true that Rahm Emanuel, for six years having been on and off Clinton White House Senior Advisor, has been, in effect, Deputy Director for North America, of the Mossad, Israel's spy agency? And was Rahm an instrumental part of Marc Rich's dirty, bloody business for the American CIA? [Rahm Emanuel went on to become a managing director of Wasserstein Perella & Co., now merged with Germany's Dresdner Bank A.G., all reportedly tied to the Red Chinese Secret Police.]

Q-Is it true that the spy-riddled, oil-soaked monopoly press has suppressed stories, known by them to be true, that Marc Rich has had unholy deals with Bishop Paul Marcinkus, originally from the Chicago-area mafia enclave of Cicero, who went on to become head of the Vatican Bank, linked to the mafia and the American CIA? In numerous items on our website, we discussed Marcinkus' role in dominating the First National Bank of Cicero which to get the stink off themselves have changed their name now several times.

Q-Is Marc Rich, apparently now having bribed Bill/Hillary Clinton to get a presidential pardon, returning to the United States, to assist the American CIA on American soil with money laundering and reportedly facilitating/financing political assassinations, foreign and domestic?

We expect to post more details of Marc Rich is CIA Rich. Stay tuned.

BIG NOISE OR BIG TRUTH?

Old-timers remember. Bad times have a positive good. They cause the real stuff to come out. Why? Well, a simple reason is that people in key managerial positions get laid off in a bad recession or full blown Depression. And if they cannot find good work, or any work suitable to their talent. Well, what more do they have to lose? They start talking. They put details into the ears of loudmouths. And so the common Americans find out what is really happening. The 1930s were such a period. So you do not know that. Well, maybe you forgot to talk to your elders.

Is now such a period? Details are beginning to circulate in higher and higher circles of the monopoly press. The liars and whores of the press are forced to deal with the growing understanding that there was prior knowledge, at the highest level, as to Black Tuesday. Maybe George W. Bush himself did not know all the details. But did Daddy Bush know? Some think so.

A fictional book (by Richard Condon) and movie was entitled "Winter Kills". When it first came out as a movie, it was quickly withdrawn and suppressed. It was about an Irish patriarch who arranged with a criminal cabal to have his son as the President. Because of the conflicting forces at work, his son was assassinated, caused by his father. After all, the family boss was in with some really bad people.

The book and movie seemed to point in real life to John F. Kennedy and his gangster-CIA linked father, Joseph P. Kennedy. In the beginning, the Kennedy Family blocked the further presentation of the movie. Years later, it did finally get shown on television. We interviewed, on tape, the movie producer. He told us how the Kennedys set out to destroy him and his film production. We played a few minutes of the interview on our recorded phone message. At that time, it was the only outlet available to us and our reports. That was before public access Cable TV, before Internet, and before more open talk radio.

Now the monopoly press is laying off people. Their source of income, advertising, is way down. So stories are beginning to circulate, in and out of the mass media, even by the press fakers. Did not George W. Bush order the military stand-down on September 11, 2001? Or, was it Daddy Bush, former head of the secret political police?

Popular websites, like www.rense.com, are putting the terrible truth of high-level prior knowledge of Black Tuesday right on the screen, right into the face of millions of Americans (some of whom may have been previously naive or poorly informed). So now, with Jeff Rense doing his best to educate everyone, there is no reason not to be well-informed. And those devils in high places, wrapping

The ABN Amro takeover

themselves in the flag, will not make it all go away. As we have pointed out in prior website stories, there is a split in the American aristocracy. Part supports (for the moment) George W. Bush, the occupant and resident of the White House. The other candidate Albert Gore, Jr., some consider as the actually elected but NOT INAUGURATED President, having won the popular vote by 600,000. Some contend that a corrupt "Gang of Five" on the U.S. Supreme Court installed Bush. In Texas, they call Bush by his middle initial, said quickly, as "DUBYA". His illegitimacy haunts even those who call themselves independent.

The opposing faction in the aristocracy, Establishment, Ruling Class, whatever you call them----to put it, crudely, do NOT want to be forced to deal with him the way they dealt with President John F. Kennedy. Accused (falsely) by them of being soft on "Communists" and "in" with the Moscow government, JFK was the victim of a public execution by the ultra rich, right after high noon his brains being blown out in an open car, by military-style triangulating sniper fire. News fakers, key players in the "lone assassin" cover up story, were thereafter rewarded by being pushed right to the top of the monopoly press. [Examples of that, naming names, are in our website story, "Liars and Whores of the Press".]

To temporarily sidestep some of the problems, the Federal Reserve has been secretly (or not so secretly for some) pumping up the stock market. Used, in part, have been billions and billions of dollars siphoned off (some call it embezzled) of Enron and multiplied through book-keeping hocus-pocus and derivatives, to create, on paper, trillions of dollars. [Study all the parts of our website series, "Enron Black Magic".]

Because of economic dislocations, lay-offs, pocket-book worries, many Americans may be inclined to sweep the Democrats into a majority in the House and moreso in the Senate. [Because of antiquated State Laws and due to a "don't give a damned" attitude of the U.S. Supreme Court, third parties in America are not given a good chance in elections. The monopoly press, in an unwritten policy, ignores third party efforts. In Europe, to their credit, without such hang-ups, third and fourth party persons sit in their Parliaments and have a fair chance at the instruments of Government.]

Sensing all this, the GOP makers and shakers are in favor of somehow, if possible, removing their own man, George W. Bush, and maybe Richard Cheney also, from the chair if not the spotlight. Could a land invasion by the U.S. of Iraq stop the U.S. Elections? [Saddam Hussein was in the 1980s a private business partner of Daddy Bush. See our website story, "The Secrets of Timothy McVeigh". And Osama bin Laden has been a business partner of George W. Bush as we have pointed out.]

The Republicans, as a front for a part of the aristocracy, fear a Democrat Congressional majority may find reasons to consider impeachment resolutions against George W. Bush.

Some supposedly "well-educated" persons often do not seem to understand any of this. What did they learn in University after all, at great expense to their elders? In bad economic times, can they truly expect to make PER YEAR in wages what it costs PER YEAR to go to a fancy private college or university? Some such university graduates in not comprehending any of this, would require that we re-invent the wheel of history for their quick benefit. I notice in reading some of the letters and e-mail, from apparent college-types, they spell coup as K00, and spell the term "martial law" like describing a federal law man.

In 1999, I began to describe on radio talk shows and elsewhere, that the then upcoming year 2000 Presidential Election may not be conducted in a manner that we as ordinary Americans are accustomed to from past history. If necessary, was the monopoly press fully prepared to explain it away, if we had elections CANCELLED? In 1972, was a study made by a think tank, part of the American CIA and the Military,

The ABN Amro takeover

the Rand Corp. Their opus, "Project Star", instigated by a would-be dictator, President Richard M. Nixon, laid out ways the press can persuade ordinary Americans to accept terminating elections and instituting martial law.

Have we all forgotten how close to martial law we came in the fall of 1973, when Nixon tried by extra-legal means to stop the Watergate investigations? [It was called "The Saturday Night Massacre" when he summarily axed the investigators.] In 1974, the aristocracy, having used Nixon enough as their punching bag, through their high court stooges in Washington, slapped down Nixon. A week before Nixon's telecast tearful resignation in August, 1974, General Alexander Haig, then White House Chief of Staff, took away from President and Commander-in-Chief Nixon, the "football", the term for the nuclear trigger code box that a Marine carries around while always right near the President.

And when the aristocracy through various snipers, in 1981, warned newly inaugurated President Ronald Reagan that they were aware of the "October Surprise" treason by which he was installed, General Alexander Haig came up from the White House situation room and proclaimed haughtily, "I'm in charge here!" In a national emergency, Haig, under martial law directives, would be correct. Vice President George Herbert Walker Bush, because Reagan was lazy, more or less ran the White House until Bush was himself elected President in 1988. Some contend Daddy Bush, in violation of the U.S. Constitution 22nd Amendment, actually served three terms as President. The attempt to warn or assassinate Reagan was falsely blamed on a "lone nut". John Hinckley whose family while failing in the oil business, was bailed out by Daddy Bush.

And several weeks after this situation, there was an attempt by the American CIA (falsely blamed on the Bulgarians) to assassinate, in a related move, Pope John Paul 2nd. (His predecessor, Pope John Paul 1st, was murdered by being poisoned 33 days after becoming Pope. Details are in the book, "In God's Name", by David Yallop. Among other things, the pontiff wanted to stop the CIA and the gangsters from encroaching on the Continental Bank of Chicago, owned in part by the Vatican and the Queen of England. Now taken over by the Jesuits/French Rothschilds jointly with the Japanese underworld, the Yakuza, it is called a unit of Bank of America Chicago. Among other things, their specialty is judicial bribery funds offshore.) So, in the apparent plan by the GOP to remove their own man, George W. Bush, will it be just a big noise or the Big Truth?

BUSH WHITE HOUSE IN "BIG LIE"

The Bush White House contends that they had no specifics giving them prior knowledge of Black Tuesday. Up to about August, 2001, the leading expert on counter-terrorism of the Federal Establishment was John O'Neill, at the time, Deputy Director of the Federal Bureau of investigation. O'Neill was compiling and pursuing specific that there was an attack expected on the twin towers in lower Manhattan of the World Trade Center as well as on the Pentagon, using hi-jacked U.S. commercial airplanes as formsided missiles. Daddy Bush, as former head of the secret political police, on behalf of his son, George W. Bush, caused O'Neill to be commanded to cease and desist from O'Neill's investigation of Osama bin Laden. Implicit in this order, according to O'Neill, describing the mannerisms and expressions by which the order was given to O'Neill, was that O'Neill's investigations of Osama was intersecting if not actually running afoul of the Bush Family business dealings with the Carlyle Group and the financially powerful bin Laden Family, at the time headquartered, among other places, on the U.S. East Coast. Daddy Bush has been a heavily-paid Carlyle Group consultant to the bin Laden Family. Contrary to prior false reports in the monopoly press, the bin Laden Family was NOT on the outs with Osama. In fact, they reportedly were secretly funding him through Saudi banks including their correspondent accounts in major U.S. banks which Bush "Junior" failed and refused to freeze. Included were accounts in

The ABN Amro takeover

Citigroup as well as in Algemene Bank Nederland, ABN-AMRO, and their American flagship, La Salle National Bank of Chicago, a reputed bribery center for public officials such as Judges.

Through foundations and other financial devices, the bin Laden Family reportedly contributed heavily to Harvard University in joint espionage propaganda book publishing as well as Harvard University business received through U.S. national security contracts. Right after September 11, 2001, when most airplanes were grounded, the Bush White House ordered the FBI to arrange an airplane to whisk some 24 bin Laden family members out of the U.S.

In August, 2001, as a result of these commands and disgruntled at being hand-cuffed in his investigations of Osama, O'Neill resigned as FBI Deputy Director. He was appointed as the new security chief of the World Trade Center. His first day of work? September 11, 2001. He was somehow lured into going to the WTC offices of the FBI where he perished from what some firemen contend, were demolition devices in the FBI offices separate and apart from the plane crashing into that tower. Was it a non-coincidence, that few if any FBI personnel reportedly were in the twin towers that day?

Several weeks before he died, O'Neill shared documents and details with seven French highly-skilled journalists. Two of them wrote a book, so far only available in French (an English language edition pending), referring to O'Neill and having interviewed him at length. "Bin Laden The Forbidden Truth" by Jean-Charles Brisard and Guillaume Dasquie. Other of the French journalists have made the documents and details available to the French CIA. The French spy agency added them to their huge pile of documents and details which they have compiled to deter, if not blackmail, the American authorities. Why? For one thing, the U.S. Justice Department has sought to punish some 14 French nationals in the U.S. on charges they reportedly purloined U.S. industrial and financial secrets. Those and other complications have been side-tracked by what some Europeans label the French, the frogs. (1) The French CIA has audio and video tapes as well as eyewitnesses proving Daddy Bush, in the fall of 1980, near Paris arranged a treasonous deal with top functionaries of Iran. To help the Reagan/Bush ticket win the 1980 campaign, the Iranians would help Bush show incumbent Jimmy Carter, running for re-election, as a wimp, unable to get the release of the 52 U.S. hostages held by Iran. In return, Iran would be given huge amounts of weapons to pursue their war with Iraq, to keep oil prices up, a war started in September, 1980. The hostages were released in 1981, just as Reagan was being sworn in at high noon as the new President.. And (2) the French have proof that TWA Flight 800, while enroute from New York to Paris, in 1996, was downed by two missiles. All onboard perished including 60 French nationals, 8 of which were part of an elite unit of the French CIA. Their unit chief, however, survived by refusing to get onboard flight 800. He went on a later flight of Israel's airline, El-Al.

The O'Neill Affair, and all that is involved, according to some of the foreign journalists and their documents, could put Daddy Bush in jail as an accomplice to huge numbers of murders, those who died Black Tuesday, and of course, the treason involved. George W. Bush would, according to this data, most likely be subject to being named as well as a federal criminal defendant or as an unindicted criminal co-conspirator with Daddy Bush.

According to network news personnel, the Bush White House has reportedly been threatening one TV network with serious sanctions, if they go too far with any of the French CIA details and those of the various European journalists with the O'Neill tapes and documents. Among the punishment threatened, the Bush White House seeks to have the U.S. Secret Service credentials lifted of certain Washington and White House reporters, thus forbidding them entry to federal government press conferences as well as White House press conferences and denying such reporters entry into the White House.

The ABN Amro takeover

According to network news sources, the Bush White House is threatening to order the American CIA to cut off the clandestine subsidies given for decades to certain news networks to subsidize their overseas bureaus, not to gather news but to suck up intelligence information to convey to the American espionage community.

Some well-informed sources contend the FBI has been for some time now, without even legal formality of the secret court housed in the Justice Department (the Foreign Intelligence Surveillance Act court) to seek to retrieve O'Neill's documents and tapes in the U.S. and in France and elsewhere, by "black bag" jobs, that is break and entry, an FBI specialty going all the way back to the Bureau's infamous origin early in the 20th Century.

HEY, WHAT IS THE REASON, NONE DARE CALL THIS TREASON?
