

Jordan Maxwell did a brilliant presentation on January 3, 2002, right after the twin tower attacks, and can be watched here :

goto 01:18:48 and watch Jordan explain the hidden meaning of the following symbol from the Bronze Age :

According to Jordan Maxwell, the cross on the circle, can be found back on churches, where the circle - then smaller - is put in the center on the cross, and then represents the sun, a.k.a. the son that died on the cross. The son/sun that dies on the cross of the zodiac between north, east, south and west :

Incidentally if you take North, East, West and South, that spells NEWS . When things are normal the NEWS goes around the world clockwise as it develops :

The New World order types however are into controlling the news, a free news flow has been absent ever since the railroads and telegraph were implemented in America . Instead the news does not travel by horse or train but goes straight by wire from North to East to West to South, spelling out the NEWS :

The reported news is in grand still related to real developments. Now watch the red arrows , and remember that a division like the Nazi SS was actually enforcing the new reality as brought about by the propaganda department. Sometimes, almost all of the time, it meant that NEWS was invented for the hidden agenda to occur. You then have to flip (flip-flop) or mirror the NEWS, a wisdom nowadays practised by so-called spindoctors ...

Double the news propaganda efforts and you have the Nazi SS department. Only with the introduction of the internet the free alternative media has been able to counter this SS enforcing of NEWS.
